

WHO ARE WE?

NBT PHARMACEUTICALS started its activities on 17 August 2012 with OTC products that can be used in pediatrics and gynecology. With its strong partnerships with the world's leading manufacturers, it has expanded and continues to expand its product range by executing contract manufacturing in accordance with GMP (Good Manufacturing Practices) standards.

NBT, which continues its activities with the slogan "Health is in our nature", is an organization that has always respected nature and humans and aims to present what it receives from nature for the benefit of humanity.

It is among the main objectives of NBT PHARMACEUTICALS to offer innovative and pioneering products in different fields to serve medicine and to grow by providing health benefits day by day.

Our Partners and Raw Materials

	One of the most respected, high quality mineral suppliers in the world, based in Germany. It is used in NbtLife Magnesium and NbtLife Magsi.
	One of the world's leading suppliers of minerals based in Switzerland. It is used in NbtLife Magnesium and NbtLife Magsi.
	It is the patented brand of Magnesium L-Threonate form that can pass to the brain at a high rate. It is used in our nbtLife Treon product.
	Magneffer içerisinde kullanılan, hızlı çözünme yeteneğine sahip magnezyum sitrat-malat hammaddesinin tedarikçisi Almanya merkezli Dünya'nın en önemli vitamin, mineral üreticilerindendir.
	Ferrero, based in Spain, is one of the leading pharmaceutical companies. Patented vitamin B12 is only used in NbtLife Mix12 and NbtLife HC12 in Turkey.
	It is the patented active Vitamin B12 (methylcobalamin) form of Ferrero based in Spain. It is used in NbtLife Methylife, Folidays and Gynopol.
	It is the patented active folic acid (methylfolate) form of the Italian company Gnosis. 5-Methyltetrahydrofolate is a 4th generation active folic acid as glucosamine salt. It is in Folidays, NbtLife Methylife, Gynopol.
	The Netherlands-based LipocellTech is the best powder liposomal supplier worldwide. It is the supplier of Liposomal Vitamin C contained in Lipopure C. There is no taste problem compared to liquid liposomals, it does not require cold chain.
	It is an American-origin vitamin C with fast absorption and high antioxidant capacity with its molecular structure bound to fat metabolites. It is absorbed faster than other forms and remains in the body 233% longer.
	It is the patented Vitamin D of DSM, one of the world's largest vitamin D manufacturers. It has high bioavailability and stability. It is used in NbtLife Fulllife.
	Norway-based Kappa Bioscience is the innovative leader and first supplier of vitamin K2 (MK 7). It maintains its stability with Vitamin K2 in microencapsulated form for a long time and offers high bioavailability.
	It is the patented active Coenzyme Q10 form of the Slovenian company, Valens. Since Coenzyme Q10 is soluble in both water and oil, it has 4 times more bioavailability than the classic Coenzyme Q10. It is contained in NbtLife Fulllife.
	It is a fish oil supplier with the world's highest EPA and DHA values, and IFOS and GOED safety certificates. It provides an easy use because it is odorless.

	It is krill oil with high EPA and DHA levels from Norway-based company AkerBiomarine. Krill Oil is used in our product.
	It is a high-quality patented betaine of AGRANA, based in Austria, obtained from 100% plant-based, natural, GMO-free sugar beet molasses. It is used in NbtLife Methylife.
	It is a proprietary alpha-lipoic acid supplement of the US-based GeroNova Research company. R-Alpha Lipoic acid, which has become a stable molecule thanks to Na salt, provides 21 times more bioavailability than other alpha lipoic acids. It is used in NbtLife NaRLA.
	It is a patented Silybin and Phosphatidylcholine complex of "Gnosis by Lesaffre" company based in France with 3.5 times higher bioavailability. It is used in NbtLife Berliv.
	It is the branded liposomal technology of LaBiotre company based in Italy. NbtLife Berliv provides 5 times more bioavailability of berberine than normal berberine.
	It is the patented quercetin form of the Italian company, Indena. High bioavailability is achieved by the powder liposomal capsule technology. It is used in NbtLife Liposomal Quercetin.
	It is a proprietary selenium supplement of Sabinsa, an American company. It provides high bioavailability by being in L-methionine form. It is used in NbtLife LifeGuard.
	It is the patented zinc form of Lonza company. L-OptiZinc® is a unique mineral chelate with zinc in the form of L-methionine. L-OptiZinc® is better absorbed than other zinc forms and increases faster at plasma levels. It is used in NbtLife Betacats, NbtLife LifeGuard and Gynopol.
	It is a Spanish-based company that offers special herbal extracts with high bioavailability, extracted with Full Spectrum technology. The ginger extract in nbtLife Femvit is available here.
	It is based in Denmark and one of the global suppliers of probiotics that provides the production of more than 40,000 microbial strains. It is the raw material supplier of Duobalance By probiotic supplement in Turkey.
	Lallemand, one of the world's largest probiotic suppliers, based in Canada, is the raw material source of Duobalance Mood probiotic supplement in Turkey.
	Epikor, the world's number one postbiotic brand, is a dried yeast fermentant obtained from <i>Saccharomyces cerevisiae</i> fermentants. Used in Duobalance Adults probiotic and postbiotic supplement.
	It is a patented prebiotic fiber supplement from Belgium-based Beneo Institute. The all-natural, herbal, GMO-free prebiotic fiber supplement containing high-quality inulin and fructooligosaccharide from chicory root is the raw material of Duobalance Pre supplement.

Our Special Capsule Technologies

Thanks to the special acid-resistant structure that prevents the capsule from dissolving in the stomach, the active ingredients in the capsule are released in the intestine. DRcaps® capsules mask taste and smell.

Licaps® sealed capsule, free of additives and preservatives, exhibits rapid release; masks the taste and smell, as well as eliminating the air contact of the active ingredient in its content and preventing oxidation. It is a capsule technology specially developed for liquid raw materials.

It is a completely herbal capsule that is fast and easily soluble at different pH levels and does not contain additives and is not affected by food ingredients. It has a high shelf life due to its low moisture sensitivity.

Vcaps® capsules are the first-generation vegetarian capsules that are heat and moisture resistant and do not contain GMO, preservative, gluten, and starch.

Duocap™ Capsule-in-Capsule technology prevents mixing of raw materials. The outer capsule and the inner capsule are dissolved in separate phases. The outer capsule, Oceancaps™ is patented and made of fish gelatin. It prevents oxidation with the nitrogen bubble in the capsule. It is sealed and does not allow the penetration of air and moisture.

Plantcaps® capsules made of naturally fermented tapioca are gluten, protective, GMO, starch-free vegan capsules that do not come into contact with air. This technology has been used especially in our orodispersible capsules.

Our supplements do not contain
Pesticides,
Solvents, GMOs,
Allergen, Gluten,
Heavy Metals,
Coating,
Preservatives,
Starch, Sugar.

All ingredients of
animal origin
used in our
supplements are
halal certified.

All of our capsules
are suitable for
vegan use except
for our
supplements
containing fish oil
and Vitamin D3
(as they are
derived from
sheep wool).

nbtlife magsi

90 Vegetarian Capsules

nbtlife magsi contains the active form of vitamin B6, P5P, which increases the absorption of magnesium and produces energy, as well as magnesium citrate, which can reach the muscles well and gives energy. Each capsule contains 125 mg of elemental magnesium. It is also an easy to swallow, additive-free capsule.

Jungbunzlauer

Benefits

- In muscle cramps
- In muscle, joint, skeletal pain
- In those who exercise,
- In those who complain of constipation,
- In those who have contractions and constipation during pregnancy

Directions

2 capsules per day 2 hours
after meals for adults over
11 years of age

Supplement facts

Each capsule contains:

- 125 mg elemental magnesium from Magnesium Citrate
- 2.5 mg Active Vitamin B6 (P5P)

Benefits

- Fibromyalgia patients
- Those who exercise
- Those with muscle cramps and muscle pain
- Those with chronic fatigue problems
- Those with daily energy problems (such as weakness, body pain)

nbtlife magneffer

30 and 60 Stick Sachets

Magneffer P5P, which has a combination for energy metabolism, contains magnesium malate and magnesium citrate, which are the energizing forms of magnesium. There is 200 mg elemental magnesium in 1 stick sachet. In addition, it contains P5P, the active form of vitamin B6, which increases the effect of magnesium, as well as the adenosylcobalamin form of vitamin B12, which is involved in energy production in mitochondria.

 Dr. Paul Lohmann®

Directions

1 stick per day 1 hour before or after breakfast for adults over 11 years of age

Supplement facts

Each stick sachet contains

- A total of 200 mg elemental magnesium, 140 mg from Magnesium Malate and 60 mg from Magnesium Citrate
- 100 µg Adenosylcobalamin (vitamin B12)
- 5 mg Active Vitamin B6

nbtlife magnesium

60 Vegetarian Capsules

nbtlife magnesium , is a combination of magnesium glycinate, which can pass well into the brain, and magnesium citrate, which can reach well into the muscles. In addition, it contains P5P, the active form of vitamin B6, which strengthens the effect of magnesium on the brain and other parts of the body. It is also an easy to swallow, additive-free capsule.

Jungbunzlauer

Benefits

- In people with sleep problems,
- In migraine attacks and headaches,
- In hypertension patients,
- In chronic drug users,
- In people with high levels of stress and anxiety,
- To balance the blood sugar levels of patients with Type 2 diabetes; insulin resistance
- To increase the level of vitamin D in individuals with vitamin D deficiency,
- In severe menstrual cramps.

Directions

2 capsules before bedtime for adults over 11 years of age

Supplement facts

Each capsule contains

- 125 mg elemental magnesium, 93.75 mg from Magnesium Bisglycinate, 31.25 mg from Magnesium Citrate.
- 2.5 mg Active Vitamin B6 (P5P)

nbtlife treon

90 Capsules

nbtlife treon, contains Magnesium L-Threonate form patented Magtein®, which has been investigated in many clinical studies focusing on Alzheimer's, dementia, cognitive functions, focus, sleep, and anxiety. It facilitates the cross to the brain at a high rate and is found together with vitamin C, vitamin D, vitamin K2, vitamin B1, glycine, and taurine amino acids, which are auxiliary components in clinical studies.

Benefits

For attention deficit and focus problems,
For neurodegenerative diseases including Alzheimer's and dementia,
For learning and memory difficulties,
For people who have an active work life,
During the exam period,
For the control of stress,
For sleep problems,
For anxiety and depression problems,

Directions

2 capsules per day for under 70 kg, and
3 capsules per day for over 70 kg
are taken 2 hours before bedtime at night.

Supplement facts

In 3 capsules
150 mg of magnesium L-Threonate.
100 mg of Vitamin B1 (Thiamin).
90 mg of glycine, 90 mg of Taurine,
60 mg of Vitamin C.
10 mg of Vitamin B6 (PSP), 75 µg of Vitamin K2,
25 µg (1000 IU) of Vitamin D3

Benefits

Sleep,
stress,
anxiety,
mood,
fear

nbtlife treon REM

60 Capsules

nbtlife treon REM, contains Magnesium L-Threonate form patented Magtein®. Clinical studies revealed increased sleep quality as a result of taking 1 gram of Magtein® per day. Treon REM contains P5P, the active form of vitamin B6, which increases magnesium absorption, and Valerian and Melissa extracts, which support sleep quality, in addition to 1-gram Magtein® in 2 capsules.

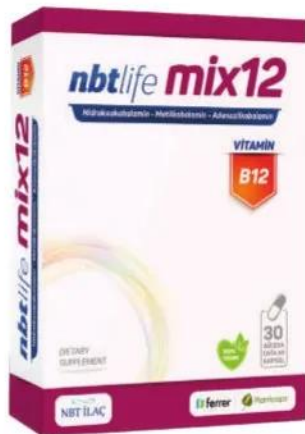

Directions

Two capsules per day before
bedtime are recommended.

Supplement facts

Two capsules contain:
72 mg Magnesium¹, 10 mg Vitamin B6,
160 mg Valerian Extract, 80 mg Melissa Extract

Elemental magnesium derived from
500 mg Magtein (Magnesium L-Threonate)

nbtlife mix12

30 Orodispersible Capsules

nbtlife mix12; is the combination of 3 forms of vitamin B12 in the body, which are Adenosylcobalamin, Hydroxocobalamin, and Methylcobalamin. It is the only supplement in Turkey that includes all three forms. Using the three forms in a balanced way prevents the risk of hypermethylation. It is suitable for vegetarian use with its oral dispersible vegetable capsule feature. In addition, it is absorbed under the tongue and provides rapid effect.

Benefits

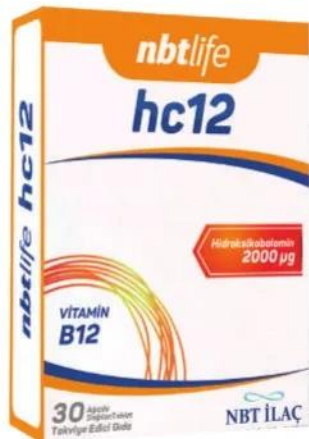

- In the elimination of B12 Deficiency,
- In those who have memory, focus and energy problems due to B12 deficiency,
- In those who use metformin group medicines To prevent B12 deficiency from developing
- In those with loss of sensation in the nerves due to diabetes
- In patients using stomach medications such as proton pump inhibitors
- To prevent B12 deficiency

Directions

1 capsule per day for adults
over 11 years of age,
regardless of food

Supplement facts

Each capsule contains
350 µg Adenosylcobalamin
350 µg Methylcobalamin
300 µg Hydroxocobalamin

nbtlife hc12

30 Orodispersible Tablets

nbtlife hc12 contains 2000 µg Hydroxocobalamin in each tablet.

Hydroxocobalamin is the most abundant form of vitamin B12 in the body. It is especially effective for oxidative stress. This is the only Hydroxocobalamin supplement in Turkey.

Benefits

- In patients using metformin group medicines
- To prevent the development of B12 deficiency,
- It is a good cleaner for people who are quitting or have quit smoking.
- In maintaining elevated B12 levels

Directions

1 tablet per day for adults over
11 years of age, regardless of food

Supplement facts

Each capsule contains
2000 µg Hydroxocobalamin

Benefits

- In vitamin B6, B9, B12 deficiencies
- In vegan and vegetarian diets
- People with skin and nail problems
- People with hair loss problems
- People who experience forgetfulness and difficulty focusing
- People who take diabetes medications like metformin
- People with insulin resistance

nbtlife Quattro

30 Orodispersible Tablets

nbtlife Quattro contains P5P, the active form of vitamin B6, methylfolate, the active form of vitamin B9, methylcobalamin and adenosylcobalamin, the active forms of vitamin B12 and biotin. This orodispersible tablet is absorbed sublingually and mixes directly with the blood, and quickly replenishes the body's stores.

MecobalActive

Quatrefolic

Directions

One tablet is taken per day and dissolved in the mouth before or after a meal.

Supplement facts

1 tablet contains:
2.5 mg of Vitamin B6 (P5P),
400 µg of Vitamin B9 (Methylfolate)
1000 µg of Vitamin B12
(500 µg Adenosyl cobalamin,
500 µg Methyl cobalamin) 400 µg of Biotin

nbtlife methyllife

30 and 60 DRcaps (Intestinal Release) Capsules

nbtlife methyllife, which supports the methylation cycle having many tasks such as clearing homocysteine from the body, energy production, synthesis of neurotransmitters such as serotonin and melatonin, contains inositol, betaine, and zinc picolinate in addition to the active form of all B vitamins. Thanks to the special intestinal-release capsule technology, it is not affected by the stomach content. It is also the only methylation supplement in Turkey that contains 3 forms of vitamin B12

Benefits

- In those who have active work or business life,
- In patients with chronic fatigue,
- In those with attention deficit, focusing problems,
- In patients with chronic diseases,
- In homocysteine elevation,
- In support of school and exam success in children/teenagers,
- In providing glutathione synthesis.

Directions

1 capsule during the day for adults over 11 years of age

Supplement facts

Each capsule contains, 50 mg Vitamin B1, 35 mg Vitamin B2 (R5P), 50 mg Vitamin B5, 10 mg Vitamin B6 (P5P), 1000 µg Vitamin B7, 400 pg Vitamin B9 (Methylfolate), 1000 pg Vitamin B12 (Methylcobalamin, Adenosylcobalamin, Hydroxocobalamin), 50 µg Inositol (Myo&D-Chiro), 10 µg Zinc Picolinate, 500 mg Betaine

nbtlife vitamin c

30 DRcaps (Intestinal Release) Capsule

Pureway C patented vitamin C is a form that absorbs faster than classical ascorbic acids and remains in the tissue for a long time. Citrus bioflavonoids increase antioxidant capacity and protect the body from oxidation. They also provide high bioavailability with intestinal-release capsule technology.

Benefits

- In people who are frequently sick and susceptible to infection,
- In those who want to contribute to their immune system,
- In contributing to the increased need for iron in pregnancy,
- In skin health,
- In wound healing,
- In bone health,

Directions

1 or 2 capsules per day for adults over 11 years of age, regardless of food

Supplement facts

Each capsule contains 500 mg
Pureway C Patented Vitamin
C 27 mg Citrus Bioflavonoids

nbtlife Lipopure C

30 DRcaps (Intestinal Release) Capsule

nbtlife Lipopure C contains liposomal Vitamin C in powder form. Thanks to phosphatidylcholine in the liposomal structure, it rapidly transmits vitamin C to the target tissue and choline also participates in the structure and repair of cells in the body. According to liquid liposomal forms, the powder capsule provides stabilization until the end of its shelf life

LipoCellTech™

Benefits

- To provide greater bioavailability compared with other C vitamins,
- In smokers,
- In skin rejuvenation and health,
- To support the immune system,
- In bone health.

Directions

1 or 2 capsules per day for adults
over 11 years of age,
regardless of food

Supplement facts

Each capsule contains 500 mg
Vitamin C
215 mg Phosphatidylcholine

nbtlife Vitamin D3

20 mL Drops

Vitamin D3, which does not contain any additives, contains only olive oil and Vitamin D3, has 1000 IU in drop form, and can be preferred in those who have vitamin D deficiency and do not want their vitamin D levels to decrease again.

Benefits

- In the treatment of vitamin D deficiency,
- In immune support,
- In women in menopause,
- In PCOS patients,
- In insulin resistance,
- In people who are prone to depression,
- In bone diseases such as osteoporosis,
- In patients with rheumatoid arthritis,
- In those with weight resistance

Directions

1 drop after breakfast for
adults over 11 years of age

Supplement facts

Each drop contains
•1000 IU Cholecalciferol
(Vitamin D3)

nbtlife D₃K₂

20 ml Drops

nbtlife D₃K₂, contains 1000 IU of Vitamin D3 and 15 µg of Vitamin K2 in 1 drop. The microencapsulation of the vitamin K2 ensures that it remains intact with the value indicated on the label until the end of its shelf life. It contains 400 drops.

Quali-D

Quali-D is a trademark of DSM

K2VITAL

Benefits

- Supports the immune system.
 - Ensures calcium absorption and bone protection with vitamin K2.
 - Protects from atherosclerosis and kidney stones by preventing calcium accumulation in the vessel wall and kidneys.
 - In the treatment of vitamin D deficiency.
- In women in menopause,
In PCOS patients,
In insulin resistance,
- In people who are prone to depression,
- In bone diseases such as osteoporosis

Directions

It should be taken after a meal.

Supplement facts

1 Drop contains
1000 IU Vitamin D3,
15 µg Vitamin K2

nbtlife omegalife 1200

30 capsules

nbtlife omegalife 1200 contains 900 mg of omega 3, which comes from 1200 mg of fish oil in one capsule. It contains triglyceride fish oil obtained from the body of small fish with high EPA and DHA content. Omega 3 is beneficial on cellular health, cardiovascular health, and metabolism.

Benefits

- Cardiovascular health,
- Eye and brain health,
- Joint health,
- Cellular health,
- Elevated triglycerides,
- Immune system,
- Cardiovascular health

Directions

1 capsule after breakfast for adults over 11 years of age

Supplement facts

- Each capsule contains
- 1200 mg fish oil
 - 900 mg Total Omega 3
 - 600 mg EPA
 - 240 mg DHA
 - 60 mg Other Omega 3 Acids

nbtlife omegalife 2400

30x2 capsules

nbtlife omegalife 2400 contains 1800 mg omega 3 from 2400 mg fish oil in one serving with COMBOTECH patented special blister technology with 2 capsules in one slot. It contains triglyceride fish oil obtained from the body of small fish with high EPA and DHA content.

Benefits

- Cardiovascular health,
- Eye and brain health,
- Joint health,
- Cellular health,
- Elevated triglycerides,
- Immune system,
- Cardiovascular health

Directions

1 capsule after breakfast for adults over 11 years of age

Supplement facts

Contents of 2 Capsules in 1 slot

- 2400 mg fish oil
- 1800 mg Total Omega 3
 - 1200 mg EPA
 - 480 mg DHA
 - 120 mg Other Omega 3 Acids

nbtlife fulllife

30 and 60 Licaps Liquid Capsules

nbtlife fulllife offers 3 fat-soluble molecules (vitamins D3 and K2, Coenzyme Q10) in fish oil with special Licaps liquid capsule technology without the risk of leakage and oxidation. It contains Q10Vital, which provides 4 times more absorption than classic Coenzyme Q10, and microencapsulated K2Vital, which can remain intact until the end of its shelf life.

Benefits

- In support for decreased Coenzyme Q10 after the age of 30,
- In daily energy support,
- In chronic fatigue problems,
- To support athletes,
- In patients using statin and antidepressants,
- In patients with migraine, fibromyalgia,
- In bone and cardiovascular health
(Thanks to Vitamin K2 and Vitamin D, the absorbed calcium is processed into bones and accumulation in the vascular wall and soft tissue is prevented.)
- To maintain the level of vitamin D in the blood,
- For anti-aging use,
- In smokers,

Directions

1 capsule after breakfast for adults over 11 years of age

Supplement facts

Each capsule contains

- 120 µg Vitamin K2
- 25 µg Vitamin D3 (1000 IU)
- 100 mg Coenzyme Q10
- 322 mg Omega 3
(EPA 150 mg, DHA 102 mg)

nbtlife KrillOil

30 Licaps Capsules

nbtlife KrillOil contains krill oil, which is a source of Omega 3 in phospholipid form. The natural astaxanthin content of krill oil is one of nature's most powerful antioxidants. It contains patented SUPERBABOOST raw material that is purified from other components and has an optimized phospholipid ratio. Furthermore, Licaps (liquid capsule) technology, made of fish gelatin, reduces risks such as flowing, bursting, and oxidation.

OceanCaps™

SUPERBABOOST™

Licaps®

Benefits

- Dysmenorrhea (menstruation pain)
- People who prefer Omega 3 with high antioxidant effect
- People who do not want to take fish oil due to taste and smell
- It supports academic success with its choline content
- People who want to take Omega 3 for general health benefits

Directions

1 or 2 capsules a day on a full stomach is recommended.

Supplement facts

1 capsule contains:

- 500 mg of Krill oil
- . 280 mg of phospholipid (Phosphatidylcholine)
- 35mg of Choline
- 135 mg of Omega 3
- . 75 mg of EPA
- 35 mg of DHA
- . 42.5 µg of Astaxanthin¹

nbtlife NaRLA

30 DRcaps (Intestinal Release) Capsule

Since Na-R Alpha Lipoic acid is combined with sodium (Na), it remains more stable in the body. Therefore, it has 21 times more bioavailability than the classical R form alpha lipoic acids. Because of this, it is sufficient to use 1 capsule (200 mg) per day. In addition, with the special intestinal-release capsule technology, it can reach the intestine without being affected by the stomach content.

Benefits

- In patients with type 2 diabetes, insulin resistance
- In diabetic foot patients,
- In Polycystic Ovary Syndrome,
- In those who experience nerve damage due to diabetes,
- In providing glutathione synthesis
- For anti-aging activity,
- To clear toxins from the body,
- In people undergoing skin treatment,

Directions

1 capsule 2 hours before/after meals for adults over 11 years of age

Supplement facts

Each capsule contains

- 200 mg Sodium R-Alpha Lipoic Acid

nbtlife Renovate

30 sachets

nbtlife Renovate, contains the essential amino acids glycine and L-glutamine. These amino acids are essential for epithelial tissue and help with intestinal epithelial repair. Citrulline malate is a calorie-free energy storage source which provides protection against energy deprivation during the diet period.

Benefits

- For repair of intestinal epithelium in case of leaky gut
- For prevention of energy deprivation during elimination diet and other diet periods
- Supports glutathione production.
- Contributes to muscle mass in athletes.
- Contributes to daily energy levels.

Directions

One sachet per day is recommended.

Supplement facts

One sachet contains:
2500 mg of L-glutamine,
1000mg of glycine,
1000 mg of L-Citrulline / DL Malate
670mg of L-Citrulline.
330 mg of DL-Malic acid

nbtlife enzymlife

60 Vegetarian Capsules

nbtlife enzymlife contains 500 mg Betaine HCl, 165 mg Pepsin, 50 mg Malic Acid in 1 capsule. Betaine HCl and Pepsin are enzymes that are naturally found in stomach juice and allow their nutrients to be digested. Unlike other supplements, Enzymlife also contains Malic Acid, which contributes to the acidic structure of the stomach.

Benefits

Supports stomach health and contributes to the regular functioning of the digestive system.

Directions

1 capsule after breakfast
for adults over 11 years of age

Supplement facts

Each capsule contains

- 500 mg BetainHCl
- 165 mg Pepsin
- 50 mg Malic Acid

Benefits

Helps to relief edema
In digestive and indigestion problems,
Cellulite reduction with its anti-cellulite feature,
In nausea and pain

nbtlife enzymlife DGS

60 Vegetarian Capsules

nbtlife enzymlife DGS, Bromelain helps digestion with its enriched contents of papain, fennel extract, black pepper extract, and vitamin B6. Enzymlife DGS with Vcaps herbal capsules has a high bioavailability and contains no preservatives or additives.

Directions

1 or 2 capsules per day is recommended for adults and over 11 years of age.

Supplement facts

Two capsules contain:
500mg of Bromelain,
45mg of Papain,
300 mg of Fennel Extract,
10 mg of Vitamin B6,
10mg of Black Pepper Extract

nbtlife enzymlife GOLD

60 Vegetarian Capsules

nbtlife enzymlife GOLD, contains a special enzyme mixture including amylase, lipase, protease, cellulase, lactase, and soil group probiotics and provides a powerful combination of support for digestion and absorption, together with black pepper extract and vitamin B1. The acid resistant Drcaps capsule provides a high and effective bioavailability that is not affected by stomach acid.

Benefits

For the complaints of gas, bloating and indigestion,
and in the case of SIBO and Candida,
In biliary and pancreatic insufficiency,
In lipid metabolism disorders,
In cases of fatty stool,
In vitamin and mineral malabsorption

Directions

1 or 2 capsules per day for adults
and over the age of 11

Supplement facts

Two capsules contain:
27 mg of Amylase, 13.20 mg of Lactase,
2.86 mg of Cellulase, 1.84 mg of Protease,
0.30 mg of Lipase, 50 mg of Vitamin B1,
1x10¹⁰ cfu*, 10 mg of Black Pepper Extract
(cfu): Colony forming unit.

nbtlife TeaMct

30 Sachets

nbtlife TeaMct, is a blend of high polyphenol-content green tea extract from matcha tea and medium chain triglycerides (MCT) from coconut. Green tea extract contains high levels of Epigallocatechin Gallate (EGCG) and its sachet form makes it convenient to use.

Benefits

- Helps with daily energy levels
- For people who are on ketogenic diet
- People who have difficulty focusing
- People who work in jobs requiring intense mental performance
- Helps with losing weight
- Supports fat burn
- People with cholesterol problems

Directions

One sachet per day is recommended.

Supplement facts

One sachet per day is recommended.
One sachet contains:
3000 mg of Medium Chain Triglycerides
500 mg of Green Tea Extract

Benefits

- Helps to lose weight,
- Ensures insulin sensitivity,
- In blood glucose control,
- In patients with insulin resistance/diabetes,
- In frequent dessert or food eating episodes,
- In the treatment of polycystic ovary syndrome,
- Helps in times of emotional hunger.

nbtlife Chromon

90 Vegetarian Capsule

nbtlife Chromon is a combination of chromium picolinate and cinnamon. Chromium picolinate mediates the function of insulin. Cinnamon is a herbal supplement regulating the blood sugar. The addition of cinnamon increases the benefit compared to chromium-only supplements. There is cinnamomum zeylanicum (ceylon cinnamon) in it.

Directions

1 capsule before or after meals
for adults over 11 years of age

Supplement facts

Each capsule contains

- Elemental Chromium from 1.609 mg Chromium Picolinate
- 200 µg Chromium Picolinate
- 450 mg Cinnamon
- 50 mg Cinnamon Extract

nbtlife berliv

60 DRcaps (Intestinal Release) Capsule

nbtlife berliv is a combination of Liposomal Berberine and Phosphocomplex Silybin. It is effective on metabolic syndrome, diabetes, cholesterol, and liver fat. It provides 5 times more bioavailability than the normal berberine of liposomal berberine. In addition, phosphocomplex silybin provides 3.5 times higher bioavailability than classic milk thistle extracts. nbtlife berliv is the only combination of liposomal berberine and silybin in Turkey.

phytoBilayer 

DRcaps

Benefits

- In people with weight problems,
- In people who frequently get hungry and are fond of carbohydrates
- In patients with insulin resistance and type 2 diabetes,
- In cholesterol and triglyceride elevation,
- In metabolic syndrome,
- In liver fattening,
- In people who consume alcohol,
- In SIBO support.

Directions

Half an hour before meals
2 times a day for adults over
11 years of age

Supplement facts

Each capsule contains

- 600 mg Liposomal Berberine
- 32 mg Silybin
- 48 mg Phosphatidylcholine

nbtlife Liposomal Quercetin

30 Vegetarian Capsules

nbtlife Liposomal Quercetin contains a special raw material of the QUERCEFIT brand developed with phytosome technology. 668.75 mg Liposomal Quercetin.

nbtlife LifeGuard

30 DRcaps (Intestinal Release) Capsule

nbtlife LifeGuard supports your natural and acquired immunity with a combination of zinc, copper, iodine, and selenium, creating an antibody response. In addition, it supports T4 & T3 conversion in thyroid hormone production or in those using thyroid medication. Thanks to the special intestinal-release capsule technology, it reaches the intestine without being affected by the stomach content. It contains high absorption forms in the form of zinc methionine and selenomethionine.

Benefits

- To increase the effectiveness of vaccination in people who have been vaccinated,
- In creating antibody response,
- In thyroid diseases,
- In the regulation of immunity,
- In autoimmune diseases,

Directions

1 capsule per day for adults
over 11 years of age,
regardless of food

Supplement facts

Each capsule contains

- 15 mg Zinc
- 1500 µg Copper
- 100 µg Selenium
- 150 µg Iodine

nbtlife iyotic & iyotic duo

30 mL and 50 mL drops

nbtlife iyotic and **iyotic duo** drops contain both iodine and selenium. While **iyotic** contains 150 µg iodine and 50 µg selenium, **iyotic duo** contains 150 µg iodine and 10 µg selenium. Those who want to reach a high number of drops can prefer **iyotic duo**. In **iyotic duo**, potassium iodide and iodine are combined as in the Lugol solution. 20 drops of **iyotic duo** correspond to 3% Lugol solution.

Benefits

- In goiter patients,
- In iodine deficiency in pregnant women,
- In hair loss,
- In Hashimoto thyroiditis,
- In immune support,
- For those who have a Lugol prescription.

Directions

1 drop in the morning on an empty stomach for adults over 11 years of age.

Supplement facts

Each drop of nbtlife iyotic contains

- 150 µg Iodine
- 50 µg Selenium

duobalance bv

14 Vegetarian Capsules

Duobalance BV provides benefits in urogenital infections and vaginal flora balancing with patented strains specific to women's health in the Probiotic Guides of America, Canada, and Turkey. Used orally, BV reaches the vagina by becoming colonized in the intestine through perineal neighborhood, contributing in particular to the dissolution of the biofilm layer, the most important cause of treatment resistance and recurrent infections.

Benefits

- In urogenital infections such as bacterial vaginosis, candida,
- In dryness and pH balancing during menopause,
- In the regulation of vaginal flora in virgins,
- In urogenital infections during pregnancy,
- In microbiota support from the mother to the baby
- In breast milk quality

Directions

1 or 2 capsules in the morning or evening on an empty stomach for adults over 11 years of age.

* kob (cfu): koloni oluşturan birim

Supplement facts

Number of living microorganisms in 1 capsule (cfu/317 mg)

- 2.5x10⁹ cfu*
Lactobacillus Rhamnosus GR-1
- 2.5x10⁹ cfu*
Lactobacillus Reuteri RC-14
- Total 5x10⁹ cfu*

duobalance bv Cran

14 Vegetarian Capsules

Duobalance BV Cran provides benefits in urogenital infections and vaginal flora balancing with patented strains specific to women's health in the Probiotic Guides of America, Canada, and Turkey. It also helps to eliminate E.coli bacteria, which is the most common cause of urinary tract infections, with the cranberry extract it contains.

Benefits

- Proanthocyanidins (PAC) in cranberry allow E.coli bacteria, the most common cause of urinary tract infection, to be excreted in the urine and prevent adhesion to the urinary tract epithelium.
- The addition of probiotics with special strain codes increases the benefit obtained.

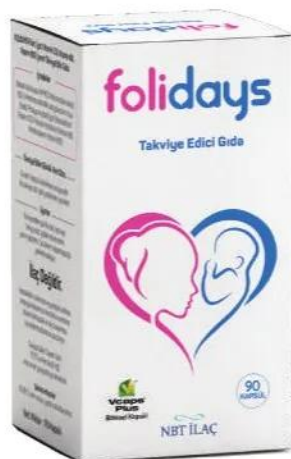

Directions

1 or 2 capsules in the morning or evening on an empty stomach for adults over 11 years of age.

*cfu: colony forming units

Supplement facts

- Each capsule contains
- 3.95x10⁹ cfu* Lactobacillus Rhamnosus GR-1
 - 3.95x10⁹ cfu* Lactobacillus Reuteri RC-14
